OLATUNBOSUN OLASHUBOMI

SOFTWARE ENGINEER | WEB, MOBILE & AUTOMATION ENGINEER

Lagos, Nigeria | pshubomi@gmail.com | +2349161965510 | Portfolio | LinkedIn

Highly skilled software engineers with strong backend foundations, solid frontend execution, and growing expertise in automation and AI-assisted systems. Experienced in designing, developing, and deploying scalable, end-to-end solutions using modern technologies. Brings a problem-solving mindset, technical discipline, and a focus on building efficient systems that deliver real-world impact. Comfortable collaborating across teams to ship features, optimize performance, and thoughtfully integrate AI to automate workflows and enhance product capabilities.

PROFESSIONAL EXPERIENCE

IDEYFIND   **Lagos, Nigeria**
Software Engineer   **October 2023 – April 2024**
- Collaborated closely with a cross-functional team to design, build, and maintain an internal product from concept to production.
- Engaged in Agile ceremonies (sprint planning, daily stand-ups, retrospectives) to align on goals and continuously improve delivery

BABTECH COMPUTERS   **Lagos, Nigeria**
Frontend Web Developer   **October 2023 – April 2024**
- Mentored junior developers on best practices in React and CSS frameworks.
- Led development of responsive web applications, improving user engagement by 20%.

GOLDTECH ICT HUB LTD   **Lagos, Nigeria**
Software Engineer / Instructor   **September 2024 – December 2024**
- Conducted training sessions for over 50 students, focusing on frontend and backend technologies.
- My role as an Instructor at GOLDTECH ICT allows me to make a tangible impact by shaping the next generation of web developers.

SLEEKY PROGRAMMERS LIMITED   **Remote**
Intern Software Engineer   **August 2024 – December 2025**
Participated in code reviews, ensuring adherence to best practices and high-quality standards.
- Actively engaged in Agile development practices, including sprint planning, daily stand-ups, and retrospective meetings.
- Gained hands-on experience in writing RESTful APIs and integrating third-party services to **streamline** application processes.
- Utilized **Git workflows** for version control, collaborating effectively with team members to manage code repositories, resolve conflicts, and maintain a clean and efficient development pipeline.
- Developed and maintained detailed technical documentation for project workflows and APIs, ensuring seamless knowledge transfer and onboarding for new team members.

SKILLS & INTEREST

SKILLS
- Programming Languages: JavaScript, TypeScript, Python
- Web Development: React.js, Node.js, Express.js, Nest.js, HTML5, CSS3, Tailwind CSS, Context API
- Mobile App Development: React Native, Native wind, Expo, TypeScript
- Database Management: MongoDB, SQL
- DevOps & Tools: Postman, AWS, Firebase
- Other Tools: Jira, Trello, Figma, VS Code, Git, GitHub

INTERESTS

Dedicated to **personal growth** and self-improvement, with a focus on reading **self-help books** that help enhance productivity and mindset, always seeking to expand my knowledge through online courses, tutorials, and exploring new programming concepts.
